SURPRISES YOU FIND!

UPDATE FEBRUARY 1, 2025

Every property owner knows the importance of a secure roof and nothing is as disheartening, and expensive as a leak! The owners of Hodges Roofing briefly describe the surprises they find as they embarked on the journey to re-roof this historic building. Note craftsmanship of the original builders and the many layers of reroofing over the years. Isn't it surprising that the burnt timbers from the fire in the 1930s were never replaced?
